

CAPRI PALACE HÔTEL & SPA ACCORDS EN BLANC MAJEUR SUR FOND D'AZUR

PAR RAOUL BUYLE - PHOTOS LOUIS-PHILIPPE BREYDEL

Construit à l'emplacement d'un ancien palais de plaisance de l'Empereur Tibère, le Capri Palace Hotel & Spa est vite devenu le refuge (discret) de la jet-set internationale. Liz Hurley, Naomi Campbell, Elle Macpherson, Harrison Ford... en sont fans ! Surplombant la baie de Naples, à trois cent mètres d'altitude, cet hôtel de grand luxe, élégant et racé, se décline en

blanc et ocre sur fond d'azur. Récemment renové, ce palais plein de charme allie une architecture typiquement méditerranéenne mélangée de modernité néo-classique sur fond de culture baroque. Un mélange décoratif étonnant, à la fois sophistiqué et très actuel, qui ne ressemble à aucun autre. Mobilier exquis, faïences italiennes d'inspiration Renaissance, dallages en pierre de France, et plusieurs

nuances de blanc allant de l'ivoire au blanc glacier. Aux étages, les chambres et suites d'un confort ultra-raffiné donnent sur les jardins en terrasse ou sur la mer, avec l'un des plus beaux panoramas de Capri sur la baie de Naples et l'île d'Ischia. Certaines chambres possèdent même leur propre petit jardin et une piscine privée. Sans oublier la suite 'Megaron', un appartement spectaculaire de

150 mètres carrés qui s'ouvre sur un jardin luxuriant, une piscine et sans doute la plus belle vue de l'hôtel. Situé dans l'enceinte de l'hôtel, un centre thalasso de beauté et de remise en forme : 'The Capri Beauty Farm'. On vient ici se détendre et se refaire une santé, le temps d'un long week-end ou d'une semaine de vacances, dans un spa prestigieux (spa - Salus per Aquam) tout en vivant la vie de

palace. Entre autres cures proposées, une cure 'anti-stress', une cure 'wellness' et la spécialité locale : 'L'école des jambes', une série de soins directement localisés sur les jambes. Quant à la cuisine, le restaurant gastronomique de l'hôtel, 'L'Olivo', est réputé pour la saveur légère et parfumée de ses spécialités italiennes et méditerranéennes. Le soir, on dîne aux chandelles parmi les palmiers et le parfum des

pins parasol, d'un barbecue de poissons ou de spécialités régionales. A proximité de l'hôtel, de nombreuses promenades se proposent à vous, la Villa San Michele, le musée Axel Munthe, la célèbre Grotte Bleue, ainsi que divers points de vue impressionnants de l'île. Ambiance reposante, cadre idyllique, service attentionné et saveurs d'exception assurent la réussite d'un véritable séjour de star.

CAPRI PALACE HOTEL & SPA

SYMPHONY IN WHITE ON A BLUE BACKGROUND

Built on the site of one of Emperor Tiberius's ancient summer palaces, the Capri Palace Hotel & Spa is a sanctuary where members of the international jet set come to relax, away from the public eye. Among its fans of note are Liz Hurley, Naomi Campbell, Elle Macpherson and Harrison Ford. Overlooking the Gulf of Naples, this recently renovated and prestigious luxury hotel is a symphony in shades of white and ochre, against a blue background. With its surprising mix of decors, combining both

classic and baroque features, it is typically Mediterranean yet uncompromisingly modern. On the upper floors, the ultra-sophisticated comfort of its rooms and suites, overlooking terraced gardens or the sea, boast one of Capri's most beautiful vistas over the Gulf of Naples and the Island of Ischia. Some rooms even possess their very own garden and private pool. Located on the hotel grounds, 'The Capri Beauty Farm' is a health, beauty and water therapy centre. Guests come here to relax and revitalize for a long

weekend or a week in the prestigious SPA (the word is from the Latin *salus per aquam*) while living a palatial lifestyle. In terms of food, the hotel's gastronomic restaurant (L'Olivo) is reputed for the subtle and delicate flavours of its Italian and Mediterranean specialities.

In a nutshell, the Capri Palace is tantamount to total relaxation in an idyllic setting, highly attentive service and exceptional food as well as the guarantee of a stay worthy of the stars.
